### ***Life with Jesus Christ* (Teacher's Manual)**

One of the most important ministries in the Orthodox Church is the instruction of its members in faith, tradition and spiritual life. The Mission Office of Apostoliki Diakonia of the Church of Greece, in its attempt to assist the teaching of Christian educators, has undertaken the publication of a series of catechetical manuals for teachers. In this teacher's manual '*Life with Jesus Christ*' we have tried to present lesson plans to help Sunday school teachers fulfill their very important task in serving the Church. The main purpose of these lessons is to help the pupils to live the life in Jess Christ. The lessons are planned in such a way that the general theme ('*Life with Jesus Christ*') is to be properly served. Jesus Christ through His teaching, His life, His miracles and His death and resurrection reveals the kind of life we as believers ought to live.
